Media Release

Sunfish South Moreton Branch will be conducting their 13th annual Clean up the Pin Day on Sunday 25 May 2008. Our major sponsor is the Port of Brisbane Authority

and they will be assisting on the day. Volunteers from the Bayside PCYC will also be assisting.

Our branch extends an invitation to fishing clubs and any person wanting to volunteer their time for a cleaner environment of the Jumpinpin Islands. Volunteers are to assemble at the Jacobs Well boat trailer park at 6.30am for registration.

Boats will be available to take people to the various islands for rubbish collection.

The MV Spoonbill will be assisting as usual with the collection of the rubbish from the islands and transporting it back to the boat ramp.

Volunteers are needed to assist in the unloading and dumping the rubbish in the skip bins nearby. South Moreton Branch members and dedicated volunteers won the 2005 State Cleanest Beach Challenge and were National finalists in the Australian Clean Beach Challenge. In 2006 we were runners up in the State Challenge and are aiming to achieve recognition again in 2007. A sausage sizzle will be held at the finish of the day.
